

# "VIEW MASTER" MICROSCOPE PROMOTION

## VIEW MASTER Zoom Stereo Microscope (VZM Series)

- VZM Series Zoom Stereo Microscope is fully coated optical system sharp and clear images with extremely good flatness and contrast.
- The images are brighter and more distinct even as the periphery of the field of view.
- With their large zoom range and long working distance, these are ideal for high-magnification, high-resolution observation in biological research, precision-oriented, semi-conductor and other industries.

### Specification:

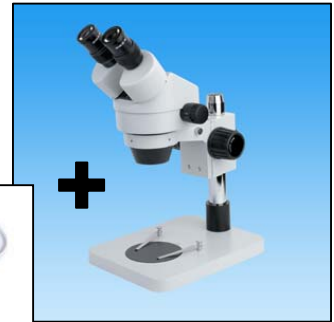

- Viewing head: 45° inclined, 360° rotatable binocular head or rinocular head.
- Inter-pupillary distance: Between 54~75mm; both diopter adjustment of range ±5mm.
- Eyepiece: 10x/20mm
- Zoom objective magnification: 0.70x~4.5x.
- Total magnification: 7x~45x; Range between 3.5x~180x.
- Working distance: 100mm.

### Package 1

**RM1,380.00**

VFR-92

VZM-7045

### Package 2

**NEW!!**  
**"LARGE STAGE"**

VZM-7045B2

VFR-92

**RM1,580.00**

### Package 3

**NEW!!**  
**"LARGE STAGE"**

VZM-7045B2

VLR-92

**RM1,880.00**

### Package 4

**NEW!!**  
**"LARGE STAGE"**

VZM-7045B2

VML-150A/R
